NEW YORK LEGISLATURE.

BY MORSE'S MAGNETIC LINE-NO 16 WALL STREET

ALBANT, April 10, 1851.
PETITION PRESENTED.
Of Jonathan Hasbrouck, against any further legislation in respect to Washington's Headquarters.

MIRITED DEBATE ON THE RESOLUTIONS COMPLIMENTING SECRETARY WERSTER.

Mr. BERXMAN called up the resolutions, offered yester-

day by him, relative to inviting the Hon. Daniel Webster to visit the capital.

Mr. Cook asked if one of those resolutions did not co

tain the request for Mr. Webster to address the Legisla-It was answered that it did.

Mr. Cook then said-We have scarcely time to address curselves at this period of the session. I move to lay the resolutions on the table.

The Senate refused to lay on the table by the following

The Senate refused to lay on the table by the following Yeas—Messrs. Cook, Dimmick, ——, Schoonmaker, Upham, and Williams—6.

Navs—Messrs. Balcock, Beekman, Brandreth, Carroll, Crollus, Cross, Curtia, Fex. —, Johnson, Mann, Miller, Morgan, Owens, Skinner Snyder, Manton, and Tattle—18.

Mr. Coor then moved to amend by striking out the first resolution and inserting the following preamble:—
Whereas, The Legislators of the State of New York entertain a high sense of the eminent ability of the Hon. Daniel Webster, of Massachusetts, and in view of his manifold public services, and especially appropriating the sentiments put forth in his late correspondence with Chevalier Hulsamana.

Mr. Mann would like to learn to what efforts to uphold the constitution the resolutions of the Senator from the Fifth district (Mr. Beekman) referred. Was it to the able speeches made by Mr. Webster, years since, proving to a demonstration the utter unconstitutionality of the United States Bank?

Mr. Coox thought that there would be time after the

ics Bank?

If. Cook thought that there would be time after the
ournment of the Legislature to hear the great exunder of the constitution. He thought the Senator
in the Fifth district, by the introduction of this resolua, was infringing on a distinct agreement made by the
ligs at the early part of the session, that there should
no resolutions relating to the compromise measures
reduced. Mr. BEERMAN regretted that they should suppose him

Mr. Berkman regretted that they should suppose him capable of violating any understanding with his friends. He would not do so for any personal friend whatever.

Mr. Coor recollected that the Senator had said, that by the introduction of these resolutions it was his desire and object to have a vote on the great compromise measures. These words were not cold. They were yet ringing in the ears of Senators. He moved to refer the resolutions to the Committee on Federal Relations, which committee consists of Messrs. Cook, Mann and Babcock.

Mr. Barcock thought time was the most precious commodity they now were dealing in, and that there was not enough of it to give those resolutions though we approved and applauded their sentiments, a sufficient consideration. He hoped Mr. Beekman would withdraw them.

CARROLL Suggested that there seemed to be a di-of sentiment concerning such resolutions, judging e course of the Senator from the Eric district (Bab-between the President of the United States and Mr.

Webster.

We Bernman stated that as the Committee on Federal Relations was a highly honorable committee, and the reference a respectful one, he would consent that the resolutions should go there, especially as some of his briends seemed to think which he did not admit that they were precluded by the agreement at the early part of the assignment.

Mr. Carrott. thought this consent of the Senator from the Fifth district was a regular cave in. It was assenting to a narcotic.

Mr. Berkman said the Senator from the Third district (Mr. Carroll) must see the difference between a cave and a tunnel. There was an opening to the cave, and he expected to see his recolutions emerge, sparkling and bright, from that committee; and he promised him that, if they did not come out soon, he would dig a hole in that cave, and let them out into the open air.

The resolutions were then referred.

The Senate refused to consider the joint resolution recommending the next Congress to establish an agricultural bureau in the Department of the Interior.

The bell to revive the powers of the Sodus Canal Company was reported on by a majority of the Canal Committee, Mr. Skinner, of Jefferson, dissenting.

On motion of Mr. Beach, of Cayuga, it was referred to an early action.

The Anti-rent bill, staying proceedings for the cellection of rents, was again brought up, and lost. It received only twelve affirmative votes.

The bill to create the office of Bank Auditor, severing the charge and supervision of all the banks and banking associations from the Comptroller's office, and giving to this officer all their charge, at a salary of \$5,200, for the term of three years, to be appointed by the Governor and the Senate, passed—sixteen whigs and two democrats voting in its favor.

THE NEW UNION GLUB—BATHING AND DINING ESTABLISH-MENT.

Mr. CROLLUS introduced a bill to incorporate the Union Club, the first section of which was as follows:—
Samuel Janes, John C. Stevens, Moses H. Grinnell, John Van Buren, John C. Macomber, James Wadsworth, Philip Hone, Prancis Griffic, A. L. Robinson, Thomas E. A very long and claborate opinion was received from
